 25 (d) di is C16:2, C18:2, C20:2
 (e) tri is C18:3

Claims

- 30
1. Bland, odor-free denatured natural protein wherein the protein is milk or cheese whey, lactalbumen, beta lactoglobulin, serum albumen, immunoglobulins, or soybean protein which in the dry state remains substantially bland and substantially odor-free for a period of at least 3 months.
 2. Bland, odor-free denatured milk or cheese whey according to claim 1.
 3. Bland, odor-free denatured soybean protein according to claim 1.
 4. Bland, odor-free denatured natural protein according to any one of claims 1 to 3, which in the dry state remains substantially bland and substantially odor-free for a period of at least 6 months.
 - 45 5. Bland, odor-free denatured natural protein according to any one of claims 1 to 4, which in the dry state remains substantially bland and substantially odor-free for a period of at least 12 months.
 - 50 6. A process for preparing bland, odor-free denatured natural proteins which comprises contacting the protein with lipase at a temperature of from about 80°F to about 140°F (about 26.7°C to about 60.0°C) and removing the lipase-produced hydrolysis products to obtain bland, odor-free denatured natural protein wherein the protein is milk or cheese whey, lactalbumen, beta lactoglobulin, serum albumen, immunoglobulins, or soybean protein which in the dry state remains substantially bland and substantially odor-free for a period of at least 3 months.
 - 55 7. A process according to claim 6, wherein from about 0.05 to about 0.15 percent of lipase is employed based on the protein weight.
 8. A process according to claim 7 or claim 8, wherein the temperature is from about 120°F to about 140°F (about 48.9°C to about 60.0°C).

9. A process according to any one of claims 6 to 8, wherein said contacting is for a period of from about 1 to about 3 hours.
- 5 10. A process according to any one of claims 6 to 9, wherein the protein is whey protein.
11. A process according to any one of claims 6 to 9, wherein the protein is soybean protein.
- 10 12. A foodstuff comprising at least one of bland, odor-free denatured whey protein, lactalbumen and soybean protein which in the dry state remains substantially bland and substantially odor-free for a period of at least 3 months.
